## Kentronics Quality Assurance AS/NZS ISO9001

Kentronics gained AS/NZS ISO9001 certification in 2013. Since this time we have successfully maintained accreditation to this standard during each annual external audit. We are all firmly committed to establishing and maintaining an effective Quality Management System which meets all aspects of the standard.

During our most recent Audit in May 2018 we are very proud to mention, Kentronics received a blemish-free result with no action required by the Audit Team upon exiting our organization on the day of the Audit.

A remarkable result & testament to the team culture within our organization that all hold this QMS core to our daily operation & purpose.
