

Industry Announcement 1st May 2020

Dover Fueling Solutions partners with Kentronics

Dover Fueling Solutions are pleased to announce the appointment of Kentronics as an authorized service provider for all Wayne electronics found in their fuel delivery systems & equipment throughout Australia.

There are many benefits for all concerned by Dover Fueling Solutions & Kentronics partnering closely together in the support of a nationwide customer base. Dover Clients and Service Partners will receive the added benefits of timely and cost effective support whilst receiving quality results each time.

Dover Fueling Solutions is a leading global provider of advanced customer-focused technologies, services and solutions in the fuel and convenience retail industries. Dover Fueling Solutions is comprised of the most trusted names in the fuel industry, which have been driving innovation for more than 100 years.

Kentronics is Australia's premier repair and service organisation for all electronics relating to the Petroleum Industry. Kentronics has been operating since 1996 and continues to grow based on excellent customer service, superior technical skills and cost-effective outcomes. With a focus on rapid turnaround, Kentronics ensure that business continuity is achieved through minimal downtime. Kentronics are extremely proud of the reputation they have within the industry and continue to focus on new ways to improve and deliver better results.
