MK3 Console – Globe Replacement

1. Turn Power Off to MK3 Console & remove the power plug from the left hand side of unit.
2. Remove the 2 x screws from both sides of the unit & the 2 x screws from the rear of the unit
3. Carefully lift directly upward the complete top housing & remove from the main chassis. Please be careful not to strain the Ribbon Cable that is attached to the Keyboard.
4. Unplug the Ribbon Cable from the Keyboard & also the cable to the Key Switch assembly
5. Unscrew the 4 x tube nuts from each corner of the Keyboard mounting positions.
6. Carefully remove the Keyboard from the fibreglass housing.
7. Lay Keyboard face down & remove 8 x screws from the rear PCB
8. Carefully separate the rear PCB from the Keyboard Membrane Assy.
9. You now have access to all the globe assemblies for replacement.
10. Assemble in the reverse manner slowly, taking time not to damage PCB's, Membranes & Ribbon Cables.
